# HELPING NOT-FOR-PROFITS REACH THEIR FULL POTENTIAL

Every Not-for-profit (NFP) organisation is driven by a strong mission to fulfil its purpose and generally doesn't want its focus to become clouded by compliance, governance, and operational and financial decisions.

Our NFP sector experts understand the issues facing both trustees and executive management teams, supporting them with a range of services.

## OUR EXPERTISE

- Accounts maintenance and reporting
- Capacity assessment
- Internal audit and risk management
- Project monitoring
- Audit services
- Feasibility studies
- Management of information systems
- Re-engineering
- Business planning and consulting
- Implementation of governance fundamentals
- Payroll outsourcing

Our experts have experience in the business verticals in which NFPs operate, ranging from agriculture, education, poverty alleviation programmes and general charity organisations. We are conscious of the various issues which NFPs must face compared to profit-oriented businesses.

We are good listeners. We make sure we fully understand your challenges and needs and the framework in which an NFP operates before we design tailor-made solutions to help meet your organisation's objectives. We do not believe in 'one size fits all' and our advice is always based on each organisation's needs.
